

November 16, 2011

The Honorable Anthony DeLuca
President Pro Tempore of the Senate
Delaware State Senate
P.O. Box 1401
Dover, DE 19903

Dear Senator DeLuca,

Thank you for the work you, your staff, and your colleagues in the Delaware State Legislature have done to support military and overseas voters. As you know, the Federal Voting Assistance Program (FVAP) is the Department of Defense office charged with implementing the *Uniformed and Overseas Citizens Absentee Voting Act* (UOCAVA), as amended by the 2009 *Military and Overseas Voter Empowerment Act* (MOVE Act). Since the passage of the MOVE Act in 2009, State lawmakers and election officials have gone to great lengths to improve voting rules and procedures for military and overseas voters. To date,

- At least 23 States have codified the MOVE Act's 45-day prior transmission requirement into State law, with others pending.
- For the 2010 General Election, 31 States tested web-based tools designed to help military and overseas voters fill out registration and ballot request forms online, and for some States, to access a blank ballot through a secure, online download.
- Six States have adopted the Uniform Law Commission's model legislation (UMOVA).
- All but four States have eliminated witness and notary requirements for military and overseas voters.

These developments will help expand opportunity for military and overseas voters to participate in U.S. elections. There is, however, still more that can be done. With that in mind, I want to discuss the FVAP Legislative Initiatives. Each year, FVAP contacts the Chief Election Officer and the legislative leadership in each State to recommend Legislative Initiatives that, once enacted, will expand opportunity for military and overseas voters to participate in U.S. elections.

As you know, this year the Delaware State Legislature enacted SB118 and SB119 that altered the timeline for Presidential Preference Primaries and Congressional Special Elections in order to meet the 45 day prior transmission requirement of the MOVE Act. FVAP supports this change. With a web-based ballot delivery system for military and overseas voters, and broad adoption of the FVAP Legislative Initiatives, Delaware is a leader in supporting military and overseas voters. To further expand opportunity for military and overseas voters and to improve their voting experience, FVAP recommends Delaware adopt the following measure in statute or regulation:

- **Codify the 45-Day Transmission Deadline.** FVAP recommends each State codify the 45-day requirement in State law (statute or administrative rule) for Federal, State and Local offices in primary, special and general elections, and authorize the Chief Election Official or another State official to enforce the requirement should local election officials not meet the 45-day deadline. FVAP has found that State officials, once authorized to enforce the requirement, are able to remedy unexpected events—and get ballots to voters—sooner and with less hassle than States requiring federal enforcement actions. *This Legislative Initiative has been revised for 2012.*
- **Enact the Uniform Law Commission (ULC) Model Legislation.** The ULC, an interstate commission made up of State legal experts, has presented the “Uniform Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a serious hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States.

These recommendations are more thoroughly outlined in the attachment below. I have also included a chart of each State’s adoption of FVAP’s recommendations.

Please do not hesitate to contact my staff or me. We will be happy to provide research, sample language, or testimony—anything that will assist you in serving military and overseas voters.

Sincerely,

Bob Carey
Director, Federal Voting Assistance Program

2012 FVAP Legislative Initiatives for Delaware

In addition to the explanation of need for each of the Legislative Initiatives detailed below, draft legislative language is provided. This language is derived from the legislative language provided in the Uniform Military and Overseas Voters Act (UMOVA), drafted by the Uniform Law Commission in June 2010. A complete copy of the model legislation can be found at www.umova.org. A copy of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) as amended by the Military and Overseas Voter Empowerment (MOVE) Act is available at: <http://www.fvap.gov/resources/media/uocavalaw.pdf>.

Note: An updated 55-State /Territory Legislative Initiative comparison chart is available at: (Website address TBD by 15 November 2011).

45-Day Ballot Transit Time

This Legislative Initiative has been revised for 2012. Ballots must be sent 45 days prior to the election in order to provide adequate time for voters to receive, vote, and return ballots. Despite the requirement of Express Mail ballot return for overseas military ballots, significant delays in postal mail delivery of ballots still occurs. For example, while the average military mail delivery time to the Middle East is 11-14 days, this is only to the military post office. Follow on delivery to combat outposts and forward operating bases can add another seven to 10 days to the total transit time. For ships at sea, 20 additional days are not unusual. For ballot return, although ballots were returned in an average 5.2 days from overseas military post-offices using the Express Mail services, the delays to the remote locations discussed above still exist. For overseas citizens, the transition between foreign postal services and the US Postal Service can be complex, generating their own delays.

Additionally, accepting and counting absentee ballots that were cast up to Election Day, but received after the election, would further enfranchise these voters. Some States also chose to transmit ballots to voters more than 45 days before the election.

FVAP recommends each State codify the 45-day requirement in State law (statute or administrative rule) and authorize the Chief Election Official or another State official to enforce the requirement should local election officials not meet the 45-day deadline. FVAP has found that State officials, once authorized to enforce the requirement, are able to remedy unexpected events—and get ballots to voters—sooner and with less hassle than States requiring federal enforcement actions.

Sample Language

For any general, special, [presidential preference,] [runoff,] or primary election for federal office; any general, special, [recall,] [runoff] or primary election for statewide or state legislative office [or state ballot measure]; any general, special, [recall,] [runoff] or primary election for local government office [or local ballot measure] conducted under [insert state law] [for which absentee voting or voting by mail is available for other voters], not later than 45

days before the election the official charged with preparing and distributing ballots and balloting materials in each jurisdiction shall transmit ballots and balloting materials to all absent uniformed services voters and overseas voters who by that date have submitted a valid military-overseas ballot application. If a ballot application from an absent uniformed services voter or overseas voter arrives after the jurisdiction begins transmitting ballots and balloting materials to voters, the official charged with distributing ballots and balloting materials shall transmit these materials to the voter not later than two business days after the application arrives.

Adoption of Recommendations of the Uniform Law Commission

The Uniform Law Commission (ULC), an interstate commission made up of State legal experts appointed and elected by their State governments or commissions, has presented the “Uniform Military and Overseas Voters Act” (UMOVA) for adoption by the States. FVAP supports the Commission in this endeavor, and recommends the States adopt the Act. To date, six States have adopted UMOVA. The sheer diversity of individual election laws regarding Uniformed Services and overseas voters is, in and of itself, a serious hindrance to these voters successfully exercising their franchise. Uniformity and standardization of voting laws for the Uniformed Services and overseas voters would substantially ease the burden of compliance, improve voter success, and would help reduce the variation in terms and procedures between States. This model legislation is endorsed by the Alliance of Military and Overseas Voting Rights, the American Bar Association, and the Council of State Governments, as well as being included in the Council’s list of Suggested State Legislation.

Some States currently have statutory provisions that go beyond the recommendations of the UMOVA, providing greater opportunities for military and overseas voters. While FVAP encourages adoption of the UMOVA language for uniformity, care must be taken to avoid regressing by adopting legislation that is less than what is already provided by State law. FVAP and the Uniform Law Commission both stand ready to assist States in legislative drafting to optimize both voter opportunity and standardization. Further information on UMOVA is available at www.umova.org.

Sample Language Notes

DOD, including FVAP and the Defense State Liaison Office staff, as well as the Uniform Law Commission, nationally and in the various states, stand ready to assist States in legislative drafting and passage of UMOVA in the various States to optimize both voter opportunity and minimum standardization.

UMOVA is best passed by minimal amendment to the draft act as a whole, rather than trying to lift the language and place it in various places in a State Code. This is one of those situations where “the whole is greater than the sum of the parts.” Further information on the UMOVA draft language is available at www.umova.org.
